

Hi

## When is the best time to plant a tree? ☐☐

When is the best time to plant a tree? 10 years ago. When is the second best time? Today.

We all have that little voice telling us we can't do it. We all suffer from comparisonitis - "*my <insert thing you're putting off starting> won't be as good as that one over there. It will never be as good as that.*"

On Dec 8th 2020 I didn't have a YouTube channel. Today it has [15 videos](#) on it.

On July 1st 2020 my website had no articles on it. Today it has [39](#).

Exactly a month ago, I had no database. Thank you to all of you for subscribing. There are now 70 of you receiving this newsletter. You can see them all [here](#).

None of the above figures are huge. There are thousands of people out there who have more viewers, readers and subscribers. But the key is that I have 'SOME', which is more than none, because I planted a tree some time in the past. My small numbers are waaaay better than those people who haven't planted their tree at all yet.

So what have you been putting off starting? And will you now start it today?

I'd love to hear if, having read this, you've been inspired to start something you've been putting off doing.

And if you just can't take that next step on your own and need help starting that thing that you have been putting off for whatever reason, feel free to give me [a call](#) or drop me an [email](#). I'd love to help you.

## Chicken of the Day

We now have a flock of 13 chickens, rather than 14.

Today's chicken of the day is Belle, who was a WhiteStar who laid white eggs, but who is now in the great henhouse in the sky.

## What would you like to see/hear from me?

Going forward, what would you like from me in my next 'Nous Of Fraser'? Please let me know.

Cheers

Phil
